EXPERIENCE

Associate Software Engineer

Indus Net Technologies, Kolkata   📅 09/2022 - 02/2024

Roles/Responsibilities

- **Component Development:** Create and maintain modular and reusable React components for building user interfaces.
- **State Management:** Implement state management using tools like React's built-in state, Context API, or state management libraries like Redux.
- **Routing:** Utilize Next.js for client-side and server-side routing to ensure smooth navigation and optimized performance.
- **API Integration:** Integrate with backend APIs, handling data fetching and updates to ensure seamless communication between the front end and backend.
- **Code Optimization:** Write efficient, clean, and maintainable code, optimizing for performance and following best practices.
- **Error Handling:** Implement proper error handling mechanisms to provide a user-friendly experience in case of unexpected issues.
- **Responsive Design:** Develop responsive and mobile-friendly UIs, ensuring a consistent user experience across different devices and screen sizes.

Audit Officer

Fusion Microfinance Pvt Ltd (Bhilwara-Rajasthan)

📅 01/2020 - 09/2020

Roles/Responsibilities

- **Risk Assessment:** Evaluate and identify potential financial, operational, and compliance risks within an organization.
- **Audit Planning:** Develop comprehensive audit plans outlining the scope, objectives, and methodologies for audits.
- **Fieldwork Execution:** Conduct detailed examinations of financial records, processes, and systems to ensure accuracy and compliance.
- **Training and Awareness:** Provide training to staff on internal control procedures and compliance measures.
- **Data Analysis:** Utilize data analysis tools to identify anomalies, trends, and potential areas of concern.
- **Technology Integration**: software to enhance audit efficiency and effectiveness.
